Librarian's Report

Thank you again to all of you who have cooperated with the prompt return of your scores.

There have been increases in the hiring and postage/transport costs of music which unfortunately will have to be reflected in the charges made to you.

In some cases, with works that are performed regularly, buying a score could prove more economical.

For the benefit of new members and as a reminder to all:

1. There is a charge of £5.00 for the late return of music (2 weeks or more after the concert).
2. A lost score will have to be replaced.
3. If you have a problem please contact me as early as possible by email (librarian@sheffieldphil.org) or telephone 0114 268 3027.

The SPC library has now moved to its new home.

I am very grateful to Howard Dore who has given us room to store the music. He and his wife, Janet, could not be more accommodating. Also a big thank you to the muscle men who worked so hard to make it happen, Howard, John Spence, Richard Salt as well as Sue Pennington.

Creating a more logical and up to date catalogue is in progress and the aim is to make the music available to other choirs, providing us with some income.

My gratitude goes to all who have assisted me throughout the year.

Els Pearse
